

Stage 6 – Snowbound Creek to Kasiks Resort – 12.1km

The road continues flat and winding with the river on the right and towering mountains on the left. Polymar and Slickenslide creeks are crossed at 2km and 6km, and then the Kasiks River at 8.2km. At 8.7km there is a slight incline as the highway crosses the railway, and we again lose sight of the Skeena which is screened by trees. Runners are directed left into the Kasiks resort to end the stage. There is no hand-off at the end of this stage, as Stage 7 runners will already have started.
